April 20th—Easter

April 22nd— Earth Day

Happy Spring Fox Hill

Triad Landscaping have been out to start the spring cleanup.

Please be sure to remove any items from your yard and sidewalks to ensure the workers can do their jobs.

Please let me know if you see anything that needs tending.

With spring cleaning on the mind and Earth Day right around the corner, it is important to talk about responsible recycling of electronics and other questionable materials. Abington Township and Montgomery County offer many dates and options throughout the year for free **electronic recycling, shredding events, and household hazardous waste** collections. Detailed information is always available on Abington Township's website, Remember, if every ONE of us started at home, the impact on our Earth would be enormous!!
